

Mrs. Bailey's Microscope Sketch Etiquette

- NEATLY sketched in PENCIL only!
- Drawn to SCALE.
- Appropriately colored with COLORED PENCILS – reflect proper color of organelles and/or stain used. ERASE all "notes to self" regarding color!
- LABELED completely. Labels are outside of field of view and written straight across.
- Arrows point DIRECTLY to cell part.
- Title across the top. Magnification under title

Onion Cells
400 X
